

We Were Made for These Times

UUWomenspirit Fall 2021 - October 6th-10th
www.uuwomenspirit.org/fall

Of all the times and places we could have possibly lived, **we live here, now.** As confusing and frightening as this world may be, **we were MADE for these times.** We have the strength and courage we need to get through these challenges, and in the process build a strong foundation for the world we're creating for ourselves and future generations. **We'll build these strong foundations through strong connections.** When we gather this Fall, we'll **reach out to connect to each other**, our sisters. We'll **reach down to connect to the deep, rich magic of the earth** beneath our feet. We'll **reach back to connect with The Ancestors.** We'll **reach up to the stars to connect with our dreams of the world we'll create.**

A celebration of the Divine Feminine:
 candle rituals,
 workshops, dancing,
 drumming, cabaret,
 candlelit labyrinth,
 silent auction,
 vendors and more.
